

Canadian Technology Network (CTN)

CTN gives SMEs access to a wide range of technology and related business assistance through a cross-country network of advisory and affiliate members.

A CTN Advisory Member is the first point of contact for SMEs. Each Advisory Member is prepared to work with you to help identify your needs and find solutions to your technology and related business challenges.

The Advisor acts as a pathfinder, defining needs and identifying potential sources of assistance both from the network of CTN Affiliate Members and elsewhere.

For more information about how CTN can benefit your business, contact one of the local advisors below:

Anne Croteau
Ontario Ministry of Economic Development & Trade (MEDT)
873-4480

Steve Glickman
London Economic Development Corporation (LEDC)
